

CLAIRIN

The Spirit Of Haiti

VIEUX SAJOUS 2nd RELEASE

Pure Single Cane Juice Rum – 56,3%, 70cl

— Product description

Vieux Sajous 2nd release follows the first one launched in 2020. It represents the ultimate evolution of a Clairin in barrel and the perfect balance between the identity of the Clairin produced by Michel Sajous at the Chelo distillery and the influence of the wood for ageing spirits in the Haitian tropical climate.

This second release is based on the 2017 harvest of Clairin Sajous and is a blend of 14 casks, previously used for various great rums, whiskeys and cognacs.

This release of Vieux Sajous is very delicate and proves why aged Clairin belongs in the same category as other highly sought-after aged sugarcane spirits.
